Sea Explorers Marine Camp

Ages 6-8 and 9-12

Join us for an adventurous week exploring Long Island's marine habitats! Our marine instructors will guide your child through interactive, hands-on learning experiences designed to be educational and fun. Campers will discover the amazing creatures living in our local oceans, bays, and salt marshes as they handle marine animals in our touch tanks, participate in beach activities and games, seine in our salt marsh, and make fun marine crafts.

Ages 9-12 will also set out on a marine biology and fishing voyage aboard the Yankee III to explore The Great South Bay from Captree State Park. Parents must drop off and pick up their children at Captree State Park that day.

Sessions are Monday-Friday, 9am to 2pm, at The Sport Fishing Education Center (Cedar Beach Marina, Babylon).

Persons needing special accommodations should contact 587-2873 at least 2 weeks prior to the scheduled program.

NEW FOR 2009:

ALL REGISTRATION IS ONLINE

*Computer access problems?

Jr. Marine Biologist Program

(please turn over for Jr. Marine Biologist Program registration form)

Ages 3-5 with adult

Looking for a unique way to spend time with your preschooler? Join us for a fun-filled two hours as you and your child learn about the marine environment. This very special program includes hands-on time with live marine animals, beach activities, and a craft. This is a great way to introduce your child to marine ecology!
